

Full Time Teacher of Technology, Monivae College Hamilton

We are seeking a passionate Technology teacher with a highly imaginative and progressive attitude towards the subject.

The successful applicant will have an extensive knowledge of the Technology domain, particularly Materials/Product Design and technology. An ability to scaffold thinking and learning strategies and excellent classroom management skills are required.

See below for additional details:

Teacher of Technology role description

- A progressive and rigorous approach to curriculum development
- An ability to enhance students' critical thinking, including an understanding of metacognitive strategies
- Extensive knowledge of the Technology domain and curriculum, with a focus on Materials, particularly Wood/Metal
- Willingness to take part in ongoing professional development
- Excellent classroom management
- An interest in STEM/STEAM would be an advantage for future curriculum development
- The ability to offer quality learning to every student and to challenge students to grow
- The capacity to hold teaching through relationships as a core value

This position is expected to commence Tuesday 28th January 2020.

Please contact the school registrar, Meg Cook, should you wish to discuss the Teacher of Technology role or the submission of an Expression of Interest.

Expressions of Interest should be forwarded to school registrar Meg Cook, mcook@monivae.vic.edu.au by 9th September 2019. Please include a resume and single page cover letter outlining your interest in the role and your skills, attributes and experience as relevant to the role, certified copies of transcripts and three referees.
